Ever since its first publication in 1992, *The End of History and the Last Man* has provoked controversy and debate. Francis Fukuyama's prescient analysis of religious fundamentalism, politics, scientific progress, ethical codes, and war is as essential for a world fighting fundamentalist terrorists as it was for the end of the Cold War. Now updated with a new afterword, *The End of History and the Last Man* is a modern classic.

Written by a team of experts, this book explains conversions of existing partnerships and corporations to limited liability companies with in-depth legal, tax, and practical implications. It also details procedures from start to finish, including knowing when to use, how to form, and how to dissolve limited liability companies with federal tax treatment of each step. Topics discussed include: comparing LLCs to S Corporations and Partnerships and exploring the reasons LLCs may want to elect to be taxed as corporations - forming the LLC - withholding taxes on payments to foreign LLCs - converting accounting and law firms to LLPs - dissolution and liquidation - and more.
