In this inspirational work, beloved best-selling author Dr. Wayne W. Dyer shows you how to restore balance in your life by offering nine principles for realigning your thoughts so that they correspond to your highest desires. Imagine a balance scale with one end weighted down to the ground, and the other end - featuring the objects of your desires - sticking up precariously in the air. This scale is a measurement of your thoughts. To restore the same balance that characterizes everything in our universe, you have to take up the weighty thoughts so that they match up to your desires. The seasons reflect the overall harmony of life. For example, winter passes and the blossoms emerge. This is balanced by a need to have the trees rest, so autumn arrives on time and helps the trees ready themselves for another period of repose. This book is dedicated to the idea that we're a vital component of this creative process and have within ourselves the wherewithal to create all that we want if we recognize and revise out-of-balance thoughts.

SELF-HELP & PERSONAL DEVELOPMENT. Inspiration is for everyone! It isn't reserved for high-profile creative geniuses in the arts and sciences - it's our Divine birthright. In *Living an Inspired Life* (previously published under the title *Inspiration*), Dr Wayne W Dyer explains how to connect to the knowledge and understanding that we had in the spirit realm before we chose to incarnate in physical form. From this all knowing place of spirit, we choose our physical body, our parents and the nature of the life we would lead on the earth. We made these choices co-creatively with the Source and now here on earth if we can reconnect to that Source energy it can transform our lives. Living our lives inspired by Source energy is a powerful antidote to the feelings of emptiness that disconnection from our soul creates. As you read each chapter in this book, you'll find specific suggestions for living 'in-Spirit'.

Now in tradepaper is the first book of spiritual teachings in several years from international best-selling author and beloved spiritual teacher Dr. Wayne W. Dyer. Audio lectures of Wayne's from the 1990s and 2000s are restructured in a cohesive way to offer a fresh take on his teachings. "When you change the way you look at things, the things you look at change." This was something Dr. Wayne Dyer said often, and it was the inspiration for this book. The material contained within is taken from speeches and presentations he gave to many varied audiences, over many years. Yet it seemed that no matter who he talked to, he returned to a few themes over and over again, and these themes are woven throughout the pages of *Happiness Is the Way*. As Wayne will show you, there is no magic potion for getting what you want from life. All you could ever want or need can be found inside of you--you simply need to learn to reframe your thinking. No matter what your present circumstances are, you have the power to overcome them. This book will show you the impact of your attitudes, choices, and expectations, leading you to a great sense of empowerment; help you recognize how you are likely much more successful than you ever realized, regardless of the challenges you may be facing; and illuminate the importance of a personal mission. It also includes specific questions and journal exercises to help you chart the way to the life you've dreamed of. In the process, you'll discover that you contain the seeds for greatness within,
