Dersu the Trapper was an amazing man. I strongly suggest watching the video too, to get a fuller grasp of his life. It is an outstanding documentary, Anyone reading this should also read Vaillient's book "The Tiger" which provides more updated view of that region. This is Russia's equivalent of the Wild West -- expect that it is the Wild East.

In *Heartsblood*, nationally acclaimed nature writer and veteran outdoorsman David Petersen takes a clear-eyed look at humans and hunting, and reaches conclusions sure to challenge everyone's preconceptions. He draws clear distinctions between true hunting and contemporary hunter behavior, praising what's right about the former and damning what's wrong with the latter. Along with his extensive personal experience, Petersen draws on philosophy, evolutionary science, biology, and empirical studies to create an engaging and literate work that offers a unique look at hunting, hunters, anti-hunting, and, in the words of the author, "life's basic truths."
