Praise for *Chronicles of a Million Dollar Trader* "Focus, tenacity, self-analysis, and intensity. Don Miller conveys the essence of trading in such a compelling and down-to-earth manner—the reader literally eats, sleeps, and breathes Don's moments of triumph and exhaustion. Don clearly nails the most pertinent points in this business: add to your position when you have a strong hand, fight to dig yourself out of the inevitable abyss, and don't trade when you are tired. This book is what professional trading is TRULY about!" —Linda Raschke, President, LBR Group, Inc. "My career as a broker with some of the largest futures brokerages in the world has put me in a unique position to evaluate traders. I've been able to observe many of the best futures traders in the industry over the past twenty years. And what I can state with certainty is that Don Miller is one of, if not the, best futures traders I've seen. Great traders are able to recognize and adapt to changing market environments. They take their mistakes and use them to become better traders. Great traders possess the unique discipline to manage a losing trade as well as a winning

one. These are the qualities I have witnessed Don Miller master. The fact that Don has agreed to share his experiences and insights makes this book an invaluable doctrine to all traders and investors alike." —Patrick Lafferty, President, Capital Trading Group "I've had the good fortune of watching Don Miller trade profitably in front a live group of full-time traders over a two-day period of time. The methods Don teaches are solid, and more importantly, as you will see here in his book, they've been consistently successful. This book goes further than most trading books because you get to live with Don day by day, seeing both his actual trading along with his mind frame. If you want to learn from someone who has mastered day trading, and has successfully done so for years, then this book is must reading. Highly recommended!" —Larry Connors, founder, TradingMarkets.com; author of How Markets Really Work "I have personally seen Don trade for several years, and he is candidly one of the best. His book is enlightening and helpful in understanding the mindset of a successful trader." —Steve Demarest, President, MB Trading "A true story of sacrifice, hardship, and success. Don Miller shares his story to make \$1 million in one year in real time, real trading records, and real life." —James L. Koutoulas, Esq., CEO, Typhon

With a new foreword by Peter Brandt. Richard W. Schabacker's great work, Technical Analysis and Stock Market Profits, is a worthy addition to any technical analyst's personal library or any market library. His "pioneering research" represents one of the finest works ever produced on technical analysis, and this book remains an example of the highest order of analytical quality and incisive trading wisdom. Originally devised as a practical course for investors, it is as alive, vital and instructional today as the day it was written. It paved the way for Robert Edwards and John Magee's best-selling Technical Analysis of Stock Trends - a debt which is acknowledged in their foreword: 'Part One is based in large part on the pioneer researches and writings of the late Richard Schabacker.' Schabacker presents technical analysis as a totally organized subject and comprehensively lays out the various important patterns, formations, trends, support and resistance areas, and associated supporting technical detail. He presents factors that can be confidently relied on, and gives equal attention to the blemishes and weaknesses that can upset the best of analytical forecasts: Factors which investors would do well to absorb and apply when undertaking the fascinating game of price, time and volume analysis.

"In Trading Mentors, Philip Teo, a long-time associate, interviews a number of highly successful traders; not searching for the magic bullet, but for insight, wisdom and practical guidance." - PETER L. BRANDT, CEO of Factor Trading and Author of Diary of a Professional Commodity Trader "Trading Mentors is full of practical advice. The book covers methods that range from the discretionary, to the systematic, to the algorithmic trading approach. There was also a wealth of information on how to manage your trading risks and acquire a winning mind-set. In summary, this is the book that deserves a place on your bookshelf." - RAY BARROS, Founder of BarroMetrics Trading School and Author of The Nature of Trends "Trading Mentors by Philip is now one of the books I would recommend to anyone who wants to learn trading. The light-hearted conversational style of the book will keep the pages turning. A delightful read!" - NITHIN KAMATH, Founder and CEO of Zerodha Take A Sneak Peek Into The World Of Trading! Are you a new trader looking to learn essential trading knowledge so that you can start your journey towards profitable trading on the right footing? Or have you been trading for a while now but are still struggling because you don't know who you can trust to learn your trading skills from? In the world of trading, it is vital that you learn from the pioneers who are already playing at the top level of this competitive arena. How can you become a profitable independent trader regardless of your knowledge and experience level? This book serves as a positive first step for embarking on your journey toward trading proficiency on a strong foundation. After working hard and accumulating some savings, you contemplate whether to allow your bank deposits to be devalued by inflation-or you can find a way to trade your way to financial freedom. If you decide to take control of your financial destiny, the ten trading mentors profiled in this book will help shorten your learning curve to profitability by guiding you through their own trading styles and revealing their strategies to you. Trading Mentors is one of the few books on the market that introduces you to the experiences of 10 successful independent traders who have dug through the trenches and emerged on the other side. Each of them explains their unique trading methodologies and best practices so that you can implement what fits you the best and grow into the ultimate trader you can possibly become. Say yes to a new challenge and upgrade your trading game today! "Trading Mentors is a book that can significantly increase your odds of success in the market by viewing it from different perspectives and using it as a guide to developing your own approach." - EDWARD K. LEE, Founder and Chairman of COL Financial Group "I found Trading Mentors to be an excellent read and exceptionally helpful for the novice or struggling traders. The book appropriately stresses risk management, which is the most important aspect of prudent and successful trading. Overall, I highly recommend this book." - JAMES CHEN, CMT, CFTe, Director of Trading & Investing at Investopedia "Mentorship is the secret sauce to rapid success! Well done to Philip for assembling a stellar line-up of mentors to share their secrets. Trading Mentors will add massive value to the entire global trading community!" - MARIO SINGH, Founder and CEO of Fullerton Markets

Praise for INTERMARKET ANALYSIS "John Murphy has done it again. He dissects the global relationships between equities, bonds, currencies, and commodities like no one else can, and lays out an irrefutable case for intermarket analysis in plain English. This book is a must-read for all serious traders." -Louis B. Mendelsohn, creator of VantagePoint Intermarket Analysis software "John Murphy's Intermarket Analysis should be on the desk of every trader and investor if they want to be positioned in the right markets at the right time." -Thom Hartle, President, Market Analytics, Inc. (www.thomhartle.com) "This book is full of valuable information. As a daily practitioner of intermarket analysis, I thought I knew most aspects of this invaluable subject, but this book gave me several new ideas. I thoroughly recommend it for beginners and professionals." -Martin Pring, President of Pring.com and editor of the Intermarket Review Newsletter "Mr. Murphy's Intermarket Analysis is truly the most efficient and unambiguous way to define economic and fundamental relationships as they unfold in the market. It cuts through all of the conflicting economic news/views expressed each day to provide a clear picture of the 'here and now' in the global marketplace." -Dennis Hynes, Managing Director, R. W. Pressprich "Master Murphy is back with the quintessential look at intermarket analysis. The complex relationships among financial instruments have never been more important, and this book brings it all into focus. This is an essential read for all investors." -Andrew Bekoff, Technical Strategist, VDM NYSE Specialists "John Murphy is a legend in technical analysis, and a master at explaining precisely how the major markets impact each other. This updated version provides even more lessons from the past, plus fresh insights on current market trends." -Price Headley, BigTrends.com, author of Big Trends in Trading

Acclaim for *The Education of a Speculator*, a provocative and penetrating look into the mind, the soul, and the strategies of one of the most controversial traders of all time "A compelling and an entertaining read." -The Wall Street Journal "Victor Niederhoffer gives us page after page of distilled investment wisdom. Taken together, this is pure nectar to those who aim for consistently superior stock market performance." -Barron's "The Education of a Speculator offers plenty of insights into the way markets work, but the epiphanies are what a reader might expect from Lao-tzu rather than, say, Graham and Dodd." -Worth magazine "The Education of a Speculator is the first meaningful book on speculating. Successful speculating is as fine an art as chess, checkers, fishing, poker, tennis, painting, and music. Niederhoffer brings forth the best from each of these fields and shows the investor how their principles can enrich one's life and net worth." -Martin Edelston, President, Boardroom Inc., publishers of Boardroom Classics and Bottom Line/Personal "With an original mind and an eclectic approach, Victor Niederhoffer takes the reader from Brighton Beach to Wall Street, visiting all stops of interest along the way. What emerges is a book full of insights, useful to the professional and layman alike." -George Soros, Principal Investment Advisor, The Quantum Fund

This guide to the futures market includes chapters on the importance of a viable strategy and sound money management, what to do when technical and fundamental analysis diverge, and identifying and playing the trend
