The Routledge Course in Mandarin Chinese is a two-year undergraduate course for students with no prior background in Chinese study. Designed to build a strong foundation in both the spoken and written language it develops all the basic skills such as pronunciation, character writing, word use and structures, while placing strong emphasis on the development of communicative skills. The complete course consists of Textbook Level 1, Workbook level 1 - including free CDs, Textbook level 2 and workbook level 2 –including free CDs. All books are available separately in simplified as well as traditional characters and take the students from complete beginner to post-intermediate level. Textbook Level 2 incorporates the innovative features of Level 1 including the separation of vocabulary from characters, a "basic to complex" introduction of grammatical structures, a comprehensive companion workbook with extensive practice in all language skills and functions, and a Teachers ’ Manual. Level 2 adds a "Narrative" Component to support the learner as they move from spoken Mandarin to formal written Chinese, and from the comprehension and production of short sentences to paragraphs and essays. Level 2 of this Course in Modern Mandarin bridges the gap that characterizes the transition between basic-level Chinese courses and more advanced work. The Narrative Component includes: Model narratives that introduce formal written Chinese with explanations of the features of each narrative. Focus on narrative function including description, comparison, explanation, persuasion, and hypothesis. Reading and writing assignments that guide students to internalize model structures, to read for information, and to compose original essays for specific purposes. The course is also fully supported by an interactive companion website which contains a wealth of additional resources for both teachers and students. Teachers will find lesson plans in both English and Mandarin, providing a weekly schedule and overall syllabus for fall and spring, as well as activities for each lesson and answer keys. Students will be able to access downloadable character practice worksheets along with interactive pronunciation, vocabulary and character practice exercises. All the audio material necessary for the course is also available online and conveniently linked on screen to the relevant exercises for ease-of-use. For more information about the course and to access these additional resources, please visit the companion website at [www.routledge.com/textbooks/9780415472517](http://www.routledge.com/textbooks/9780415472517) For bundle discounts please visit: <http://www.routledge.com/books/details/9780415533072/>

A six-level paired skills series that helps students to think critically and succeed academically. The Third Edition builds on Q. Skills for Success’ question-centered approach with even more critical thinking, up-to-date topics, and 100% new assessment.

Nice Talking with You is a two-level oral communication series designed to get students talking. The Teacher’s Manual features step-by-step comprehensive teaching note; teaching tips on classroom management techniques, language and more; unit-by-unit, complete answer keys; and full audio scripts for the Conversation listening pages.

This book gathers and explains the key brand analysis tools that measure brand effectiveness and awareness along the customer journey. Rather than considering how to build and manage a brand, Brand Metrics shows students the methods by which they can assess the current market position of the brand and design effective strategies for the future. Each chapter follows the same logical and accessible structure, defining each metric and its usage, presenting the calculations, showing how the data should be interpreted, offering case studies and examples, presenting recommendations and offering questions for further discussion. The metrics covered in the book correspond with the customer journey, moving through measuring brand awareness, consideration and purchase, to customer loyalty and brand advocacy, and finally an overall analysis of the brand ’ s strength. The book not only shows the formula for a metric and explains how it should be interpreted, but also considers what each metric really measures, how it impacts the brand ’ s equity and how it is related to other metrics. As such it should be perfect recommended reading for advanced undergraduate and postgraduate students of Strategic Brand Management, Marketing Planning and Strategy, Marketing and Branding Metrics.

American MORE! Six-Level Edition is a version of a course from a highly respected author team that’s bursting with features for lower secondary students. Each level of American MORE! contains 50-60 hours of class material. With dedicated reading, culture, grammar, vocabulary, skills and cross-curricular learning sections, plus a wide range of flexible components, you really do get more with American MORE! The Teacher’s Resource Book contains detailed guidance on how to get the best out of the course, warm-up activities, photocopiable grammar and communication resources, tests and answer keys, and ‘Extra’ idea sections for fast finishers. The test material is contained on the Testbuilder CD-ROM, together with the audio for the tests.

American MORE! is a four-level course from a highly respected author team that’s bursting with features for lower secondary students. The Teacher’s Resource Pack contains unit tests, review tests, and term tests, as well as entry-level tests and end-of-year tests. There are extra grammar practice and communication activities for each unit of the course. The free Testbuilder CD-ROM allows teachers to create their own tests. It previews each exercise before inclusion, and can create 'A' and 'B' versions of each test so that students sitting next to each other don't share answers. Exam skills (KET-, PET- and Trinity-style) questions are also available.

Richard Fleming served as a scout with the elite U.S. Marine 1st Force Reconnaissance Company during the bloodiest years of the Vietnam War. Dropped deep into enemy territory, Recon relied on stealth and surprise to complete their mission—providing intelligence on enemy positions and conducting raids, prisoner snatches, and ambushes. Fleming’s absorbing memoir recounts his transformation from idealistic recruit to cynical veteran as the war claimed the lives of his friends and the missions became ever more dangerous.

This volume includes the full proceedings from the 1994 Academy of Marketing Science (AMS) Annual Conference held in Nashville, Tennessee. The research and presentations offered in this volume cover many aspects of marketing science including marketing strategy, consumer behavior, international marketing, marketing education, among others. Founded in 1971, the Academy of Marketing Science is an international organization dedicated to promoting timely explorations of phenomena related to the science of marketing in theory, research, and practice. Among its services to members and the community at large, the Academy offers conferences, congresses and symposia that attract delegates from around the world. Presentations from these events are published in this Proceedings series, which offers a comprehensive archive of volumes reflecting the evolution of the field. Volumes deliver cutting-edge research and insights, complimenting the Academy ’ s flagship journals, Journal of the Academy of Marketing Science (JAMS) and AMS Review. Volumes are edited by leading scholars and practitioners across a wide range of subject areas in marketing science.
