What do you want to be when you grow up? It's a familiar question we're all asked as kids. While seemingly harmless, the question has unintended consequences. It can make you feel like you need to choose one job, one passion, one thing to be about. Guess what? You don't. Having a lot of different interests, projects and curiosities doesn't make you a "jack-of-all-trades, master of none." Your endless curiosity doesn't mean you are broken or flaky. What you are is a multipotentialite: someone with many interests and creative pursuits. And that is actually your biggest strength. How to Be Everything helps you channel your diverse passions and skills to work for you. Based on her popular TED talk, "Why some of us don't have one true calling", Emilie Wapnick flips the script on conventional career advice. Instead of

suggesting that you specialize, choose a niche or accumulate 10,000 hours of practice in a single area, Wapnick provides a practical framework for building a sustainable life around ALL of your passions. You'll discover:

- Why your multipotentiality is your biggest strength, especially in today's uncertain job market.
- How to make a living and structure your work if you have many skills and interests.
- How to focus on multiple projects and make progress on all of them.
- How to handle common insecurities such as the fear of not being the best, the guilt associated with losing interest in something you used to love and the challenge of explaining "what you do" to others.

Not fitting neatly into a box can be a beautiful thing. How to Be Everything teaches you how to design a life, at any age and stage of your career, that allows you to be fully you, and find the kind of work you'll love.

This book was revealed within me when I began a self quest for Truth over ten years ago; the main theme of this book is Truth. For the most part Truth has been left out of many of our lives, due to our strict adherence to religious practices. This book contains information for the poor, well off and wealthy alike; compounding information and experiences gathered in my current life. My hope is that this book will be recognized as a tool, to point others in the True direction of the real Truth. It is only then, when one becomes enlightened to Truth; that a clear decision can be made by the self, as to finding ones True self, through the Tools found in ones self, in Truth. BIO: Seer Ashlamaz was born and raised in the windy city of Chicago, IL. As all who are sons and daughters of the Most High God, prophet began preaching to sick and shut in elderly at the age of eight years old. Prophet did as many, being one of the actual prodigal sons, and returned to his Father in 1996 with a tenacity that was not the normal. In his many journeys prophet has experienced one resurrection and the healing of hundreds. Having a strong prophetic anointing caused him to be misunderstood, until he was enlightened to the True self, the etheric. After learning of himself, prophet became aware of his purpose on earth as one of the many sons of the Most High God. Having such a strong divine nature his only endeavor is to spread Truth. When asked what he saw as most important in the future of God's people, his only reply was, "Truth."
