Credit Offers > How To Control Properties With A Simple Document They say you need money to make money, but 30 year veteran real estate investor, Joe Crump says: "If you can't make money with NO money, you probably can't make money WITH money. Yes, it's a bit easier to buy a property if you use cash or if you use loans, but it's NOT any easier to make money. If you make a mistake when you use money and loans, you risk your cash and you risk your credit. None of that is necessary. No money down structures for buying real estate and will show you how to determine which financing structure to use for ANY kind of property. You never need to use down payments or cash to buy properties again. In fact, Joe recommends that you never do a deal if you don't GET cash when you close. Often that means thousands of dollars in your pocket for a few hours of work. Using these structures also means you will never need to use your credit again. No one will ever check your credit score or ask you to verify your income to buy these properties. I know it's hard to believe, but Joe and his students have bought thousands of properties using these techniques over the years and he speaks with expert knowledge about the subject. This book will show you how to buy and sell properties with zero cash or credit and take chunks of cash every time you close a deal. It will also show you how to buy and HOLD properties using the same techniques. It will show you how to build a huge portfolio of property in a very short period of time. You will make money every time you buy a new 'no down payment' property and you will build your passive monthly cash flow with every property you buy. The beauty of this is that you can buy houses or

In the world of real estate investing, two of the most common profit strategies are acquiring rental properties and flipping homes. Unfortunately, most people are not successful using these strategies. In Stop Flipping, Stop Renting, Seller Finance Your Way to Financial Freedom, authors Michael Arch and Erik Saengerhausen present a superior and more profitable strategy for investing: Seller Financing. With chapters such as "Psychology of a Million Dollar Investor," "Why Seller Financing," and "Getting Your Offers Accepted," this extraordinary book teaches you how to purchase homes significantly under market value, renovate them, and then sell them to a qualified buyer with seller financing terms. This allows you to create an income stream without having to deal with the headaches of being a landlord or the challenges associated with flipping homes. This book also interweaves timeless success principles and

Looking to get into real estate but don't have the capital? Already in the game but can't grow as quickly as you'd like? The solution may be easier than you think. In this short work, the author of *The Land Flipper: Turning Dirt into Dollars* covers the basics of owner financing from the perspective of both buyers and sellers. What is it? How does it work? What are some of the specific issues to consider when approaching an owner-financed deal? In an overview of three decades spent flipping land, E.B. Farmer discusses how seller financing benefits both sides of the transaction and how a bit of contractual maneuvering can be used to make difficult real estate deals happen quickly and with ease. What's inside? In this book we will discuss: How to wrap notes so that you can both buy and sell using owner financing on the same flip. Creating mailbox money that is 100% passive (after you've done the work upfront, that is). Deedless deals like lease-purchases (aka: Land Contracts, Rent to Own, etc.), and how to manage your real estate note once it is created. How to invest in such a way that you are guaranteed a 10% interest rate on your money with absolutely zero risk (try that with a stock broker). Stories of EB Farmer's (our family's collective pen name) rise as a successful land flipper (complete with multiple concrete examples). And a lot more! Ideas and knowledge are valuable, especially in the world of real estate financing. Read this book, absorb this knowledge, apply these techniques... and you might be astounded at what
